Q&A

Concerns about the viability process were mentioned, Kevin Trew will look into the rules & regulations as far as when this would happen or if as well as whether a new board would be formed for that specific task or if the SCC is in charge of that process.

Concerns about NESD going to the media with news releases that concern our community before giving that information to the SCC, Town & RM of Arborfield first hand. Kevin stated that NESD is wanting to include all stake holders in the design opportunity with Carrot Rivers new school build but also wanted to include that there is no definite plan for Arborfield School as of now.

Meeting adjourned @ 6:10p.m. by Lina Ralph
